DATE OF POOL DRIVE CHANGED

Week's Intensive Campaign For Members, Scheduled For Monday Is Postponed

NO REASONS MADE KNOWN

The whirlwind drive for new members of the Burley Tobacco Growers' Co-operative Association, which had been set for next week, beginning Monday, March 13, has been postponed, it was announced at the offices of the association. The time of the drive will be announced later.

County chairmen and workers, however, will go on with the signing of any grower who may desire to join the association, and it was said that as members of the association have allowed information as to the sales of the association and its inner workings to become known, there has been a steady accession to the ranks of the organized growers from those who failed to sign the co-operative contract last fall.

The reasons for the postponement of the drive was not made known, but a hint at "important developments" that are expected soon was given, though it was not indicated what these developments would be.

Mr. James C. Stone, President of the Co-operative Marketing Association, said that the business of the association was going on smoothly, that not a single member of the association had appeared dissatisfied, and, in his opinion, the new system of marketing tobacco had "come to stay."

NO QUORUM PRESENT

Owing to the lack of a quorum the meeting of stockholders of the Bourbon Oil & Development and the Co-operative Land & Development Companies, called for Tuesday afternoon by Chas. B. Mitchell, was postponed.

The meeting was called by Mr. Mitchell, as Chairman of the Executive Committee of the stockholders, to be held at the court house, for the purpose of considering ways and means of effecting some kind of settlement with the creditors of the companies. Hooker Stivers, of Lexington, bookkeeper for C. C. Bosworth, receiver for the companies, was present. It is likely another meeting will be held soon.

BASKET BALL

The basket ball team of the Fort Thomas High School visited Paris, Wednesday night, and carried away the winning end of a 27 to 22 score against the Paris High School five. The game was played on the Y. M. C. A. floor, in the presence of a large crowd of interested and enthusiastic followers of the game. The set-to between the teams was hard fought and contested all along the line. On several occasions the score was tied, and victory sat cross-eyed on the fence, likely to fall on either side at any time. Tucker starred for the Paris team, scoring eighteen points. Paris High has only three more games scheduled for this season.

The arena will be occupied to-night by a contest between the Bourbon and Georgetown Posts American Legion teams. Between the halves teams representing the "Fatty Arbuckle" and "Oh Skinny" members of the Bourbon Post will stage a burlesque game, guaranteed to out-do Snub Pollard's most comical stunts.

An extra five minutes was allowed to play off a 21-21 tie and the Fort Thomas lads took advantage of it and rang up three counters, making the final score 6 points ahead of Paris. The P. H. S. boys go to Maysville to-day to play the boys there, whom they defeated in Paris by the small margin of 15 to 14. A crowd of "rooters" will make the trip.

Basil Hayden, of Paris, continues to occupy a prominent place in athletics. The Lexington Herald's sporting writer says:

"Last year four University of Kentucky players were named on the All-Southerners. This year the same four players went back to Atlanta, and none of them retained his position. Sentencing players to places on all-tournament teams, of course, is all done on circumstantial evidence. If those scribes had seen Basil Hayden play all his games this season, they would have wanted to slap him on the all-American. But Hayden was injured in the first game of the tournament and forthwith Kentucky bought tickets for Lexington."

At a meeting of the Athletic Council of Kentucky University, held at the Phoenix Hotel, in Lexington, Wednesday night, Bobby Lavin and Basil Hayden, of Paris, stars on the U. of K. basketball team, were awarded the official University letters, "K." Lavin is eligible for another season, but will graduate in June.

CANVASS FOR FUNDS TO BUY MEMORIAL HOME.

On Sunday afternoon, March 19, committees and solicitors representing the Bourbon County Soldiers Memorial Association, will inaugurate a canvass for funds with which to complete the purchase of the John T. Collins home, at the corner of Broadway and High streets. An option was obtained on the property some time ago, and it has been decided to raise the remainder of the money necessary to purchase the place. The home will be used jointly as a soldiers' memorial home and Community House, for the purposes which were outlined in the initial moves made for purchase of the property.

Over one hundred solicitors have volunteered their services for this canvass. They will be placed under the supervision of committees and captains, whose names will be announced later through the columns of the local press. Interest in the memorial is growing steadily, and it is safe to say that the necessary sum will be raised in a hurry, and the project placed on a safe financial footing.

BOYS ESCAPE FROM HOUSE OF REFORM

Bourbon county authorities were asked yesterday to keep a lookout for two boys, George Strong, 18 years old, of Louisville, and Leo Killmer, of Dayton, Ky., who escaped from the Hospital at the Glendale House of Reform, Wednesday.

The boys were thought to have headed for Cincinnati and police and county authorities between Lexington and Cincinnati were notified and given a description. No trace of the runaways was found here.

BURLEY LOAN PAID BANKERS

Co-operative Marketing Association Settles Obligations Totalling \$5,600.00, Two Months Before Due

GOOD SALES MADE IT POSSIBLE

Checks for the second half of the loan of \$5,600.00 made by bankers of the burley tobacco district to the Burley Tobacco Growers' Co-operative Association, February 1, were mailed to the lenders Wednesday by Secretary H. L. Earley, of the Association, the first half of the loan, which was originally negotiated for ninety days, having been paid off about ten days ago.

Mr. Earley said the finances of the Association, due to the sales of the Association's holdings at good prices, were in such condition as to permit the paying off of this loan and that the remarkable success of the Association in the short time it has been in business made it possible for it to settle its obligations before their maturity.

Chairman of the Finance Committee Charles N. Manning said that bankers of the burley district were entitled to credit for what they had done in evidencing their confidence in the new system of marketing.

"The loyalty of the bankers has been one of the most pleasing features of the co-operative marketing of burley tobacco so far," said Mr. Manning, "and they deserve the gratitude of the organized growers for the confidence they have manifested in the new system, which has been the means of enlisting the confidence of business men generally, as well as of the growers who so often depend on their bankers for advice." President and General Manager James C. Stone, of the Association, discussing the re-payment of the loan, said:

"It is very gratifying to all of us, who joined the Association, that it is able to make this excellent showing financially within so short a time, and we are deeply grateful to the bankers and business element generally, who saw at the start the importance of the co-operative marketing of tobacco to every business interest in the district and made it possible for us to go ahead with our work with the certainty that the crop of 1921 would be financed properly and amply."

"The growers who have stood by the Association through thick and thin, who have waited patiently for their money and who have backed up their officials loyally in what has been done so far for their interests, also deserve and have our gratitude."

"That we have made a splendid start in co-operative marketing of burley tobacco is not to be disputed. It we stand together in the future as we have for the past two months, and I haven't a doubt that we shall, the continued success of the Association is assured."

"The receipt of a number of additional contracts, signed by growers of Ohio, Indiana and Kentucky, who did not join the Association last fall, was announced at the offices of Chief of the Field Division Joseph Passonneau. The number of acres signed, was not announced as the figures had not been tabulated."

MORMON TEMPLE SECRETS

The Rev. Oakley R. Miller will make two addresses in this community on Sunday, March 12. The first address will be delivered on Sunday afternoon at 3 o'clock in the First Baptist church, when he will talk to men only, on "Mormon Temple Secrets"; the second will be at the Presbyterian church, at 7:30 o'clock for everybody, men and women, on the subject, "The Truth About Mormonism." He knows all about it, and those who have heard him say that he tells all about it as completely as any one can in the same length of time.

Mr. Miller was an elder in the Mormon church. Becoming convinced of its fraudulent claims he left the church and studied for the ministry and is now a preacher of the Baptist faith. He held the pastorate of the Immanuel Baptist church, Dorchester district, Boston, Massachusetts, for three years, ending July, 1921. Because of his fearlessness in exposing the blasphemies and disloyalties of the Mormons, Mr. Miller has been pursued by the most bitter enemy which this intriguing sect can devise; but he continues his work under the auspices of the National Reform Association, speaking before large congregations everywhere and winning general commendation of the spirit of his work and of his motive in performing his necessary labor.

If a man has religion he doesn't have to tell you about it. You'll find it out otherwise.

SENATE PASSES THOMPSON BILL

Speaker's Taxation Bill Goes Through The Senate In An Unexpected Victory 21 to 16

ONLY ONE AMENDMENT MADE

The tax bill of Speaker Thompson scored an unexpected victory in the Senate Tuesday afternoon. The vote was 21 to 16.

The bill went through with but one amendment. This one increases the tax on farm lands and town lots from thirty to thirty-five cents. Under the present law the tax is forty cents.

The bill traveled a precarious road to victory. When the house passed it, several representatives said they voted affirmatively in compliance to the Speaker and didn't feel at all cut up about it "because the Senate would kill it anyway."

Now the Senate has passed the bill to the Governor. Half a dozen Senators declared that they were compelled to vote for anything that looked like a tax reduction move. "Of course the Governor will veto it," they say.

Mr. Thompson devoted much time to campaigning for the bill. He put the issue squarely up to both branches of the General Assembly and no member of either branch relished the homeward return and the saying to constituents, "I voted against reducing the tax on farm lands from 40 to 35 cents." This is the angle that salvaged the bill from perdition.

The bill depletes the State treasury \$1,500,000 annually and gives approximately this amount to counties annually. It raises the rate of intangibles from 40 to 60 cents and permits the counties to keep one-half of the tax. Senator Daugherty sought to amend the bill so that the counties would be denied the right to impose the 30-cent tax on livestock and intangibles but the amendment lost by 25 to 10. The vote for increasing the rate of farm land and town lots from 30 to 35 cents was 24 to 13.

REAL ESTATE DEALS

In the list of real estate transfers recorded in the office of the Fayette County Clerk at Lexington, Wednesday, was the following:

B. T. Mattox and wife, of Fayette county, to Floyd Mattox, of oBourbon county, a farm of 81.89 acres on the Greenwich pike for \$11,000.

Garrison Bros., of Covington, Ky., bought of W. A. Thomason, his farm of 194 acres in this county adjoining the lands of E. P. Weathers, N. F. Brent and Robt. Bell, at \$150 an acre. The farm was originally owned by O. L. Vanmeter.

Ray Handley purchased of Samuel Hinkle his sixty-acre farm, located on the Peyton Lick pike, near the Levy, for \$6,000. The purchaser will be given immediate possession.

Manson Fletcher bought of Wallace Terrill, a farm of ninety acres, with improvements, located on the Bunker Hill pike, for \$200 an acre. Mr. Fletcher will be given immediate possession. The farm adjoins the farm of Fletcher Bannister, on the Little Rock and Mt. Sterling pike.

The Paris Realty Co., agents for Ben Harp, sold yesterday his farm of thirty acres, located on the Peacock pike, near Paris, to Edward Doyle, of Georgetown, for \$250 an acre. Mr. Doyle will get possession at once and will move to the property to reside.

Frank P. Kiser purchased of the Mrs. Fannie Hardy estate, twenty-five acres of land located between Centerville and Jacksonville at a private price. The land adjoins a one hundred-acre farm owned by Mr. Kiser.

Suits Will Be Filed By Tobacco Growers Organization Against Breakers of Contracts

STATEMENT BY ATTORNEY

Preparations are being made to file within the next few days suits against members of the Burley Tobacco Growers' Co-operative Association who have broken their contracts by selling their tobacco outside the association. Assistant General Counsel Virgil Chapman, of Paris and Lexington, announced Wednesday. The actual filing of the suits will await the return of General Counsel Aaron Sapir to Kentucky. Mr. Sapir is spending this week at Toronto, at the request of the government of the province of Ontario, advising producers of the province in formation of co-operative associations similar to the burley association and others with the organization of which he has been connected.

Contracts still are coming in to the offices of Chief of the Field Service Joseph Passonneau in Tattersalls warehouse, though the final drive for members has been postponed. It was to have begun next Monday. County chairmen, however, are going on with their work of personal solicitation of every grower not yet signed and as a result the new contracts are running from 25 to 50 a day.

Richard T. Turner, business manager of a New York tobacco trade journal, was in Lexington, Tuesday, and called on President James C. Stone of the burley association. He had been on a tour of the South and said that everywhere he went he found co-operative marketing the chief subject for discussion among tobacco men and that the success of the burley association had surprised its opponents.

Fashion Knew No Mercy.
In the days when gull wings and breasts were in demand for women's hats and when the law afforded no protection to the feathered tribes, they were slaughtered by thousands all along the coast. Millinery agents from New York would conduct expeditions, accompanied by expert skinners, to the breeding grounds of the sea-fowl and hire local gunmen to do the killing. One woman in a single season brought back 10,000 tern skins from Cobbs Island, Virginia. More than 500,000 tern skins were collected in one season in the sounds of North and South Carolina.

Canvassers for membership in the Paris branch of the Don't-Worry Club should round up those timorous souls who are afraid of the women of the period are going to the demnation bow-wows because they wear skirts just a trifle shorter than their grandmothers wore. What's all the racket about, anyway? And what's the use? They're going to wear what suits them, won't they?

Say, fellows, if any of you see the girls who wear goloshes and have a bull dog chained to their wrist watches, and who powder their faces in public, start them on the right way to "the bug house," as they need help badly. And for the Lord's sake, don't let any of your good friends marry one of them!

"She was bred in old Kentucky," So the old-time bard resolved; But, to-day, there comes the query: "Was she bred—or just evolved?"

"General Wood is waging war on soft jobs in the Philippines," says a newspaper headline. A soft job is the job the other fellow, obviously unqualified for a real job, enjoys, while you, qualified for any job in the world, struggle with the difficulties of a demanding and underpaid position.

A Paris woman says that equal rights for women are improving men. Maybe so, but even the most highly improved husband of the modern Paris woman cannot work buttonholes and overhaul a last year's dress to make it look like a 1922 model, in addition to doing the cooking and housecleaning.

WORK THE ROADS

We measure the arrival of spring now by weeks.

There are thousands and thousands of roads all over the country in need of improvements.

The States have large sums of money available for such work.

There are millions of men seeking employment, with families dependent upon them for support.

Is there any reason why this money should remain idle in banks when it could serve the best purpose by being put to work in the construction of better roads?

Is there any good reason why we as a nation should suffer abominable roads when both men and money are available for the making of better ones?

Of course, conditions vary in different States, but America as a whole, should be heartily ashamed of the things she does not do in the matter of good roads building.

The excuse is made that the cement trust is holding the States up in the price of cement.

That is easy to correct.

Let each State make its own cement, or let a number of adjoining States band together in erecting cement works capable of supplying their united needs.

If the cement trust goes bankrupt as a result of such State action so much the better. No one would shed any tears except the robbers themselves.

HOW TO HAVE A BEAUTIFUL SKIN

Sometimes you see a girl whose face draws men's eyes like a magnet, and try to discover the reason for her charm. Is it eyes, or hair, the way she dresses, or the things she says or does?

All this is overlooking the one all-compelling beauty all men admire—the irresistible charm of the fresh, clear, smooth complexion which makes even plain features attractive.

There is no need to be envious for you can easily have such a complexion yourself. The secret was known to Cleopatra thousands of years ago. It is daily cleansing.

Cleopatra used Palm and Olive oils for this purpose. Today these same beautifying oils are combined in the mild, lotion-like cleanser—Palmolive Soap. It produces a profuse creamy lather which penetrates every pore and removes every trace of dirt, cream powder and rouge.

Massage the lather thoroughly into your skin, then rinse. Apply a touch of cold cream and if your skin is very dry, rub in a little before washing. This treatment will make your skin fresh as a rose.

You can buy Palmolive Soap at all first class groceries and drug stores.

A Successful Man

Among the notable professional men of this country who achieved great success along strictly legitimate lines was Dr. R. V. Pierce. Devoting his attention to the specialty of women's diseases, he became a recognized authority in that line.

Over fifty years ago this noted physician gave to the world a Prescription which has never been equaled for the weaknesses of women. Dr. Pierce, of Buffalo, N. Y., long since found out what is naturally best for women's diseases. He learned it all thru treating thousands of cases. The result of his studies was a medicine called Doctor Pierce's Favorite Prescription. This medicine is made of vegetable growths that nature surely intended for backache, headache, weakening pains, and for the many disorders common to women in all ages of life. Women who take this standard remedy know that in Dr. Pierce's Favorite Prescription they are getting a safe woman's tonic so good that druggists everywhere sell it in both tablet and fluid form.

MONOTONY INDOORS

Men have interesting work, meeting friends and strange new personalities daily. They rarely stop to realize the deadly monotony of housework.

There are just four persons with whom a housewife may expect to deal in the course of her day's work—the ice man, the milk man, the grocer's boy and the mail man.

In winter she doesn't even have the ice man. The milk man is trained to look for the ticket in the bottle. And the mail man rings the bell and it out of sight before Friend Wife gets to the door. The grocery boy is chiefly interesting because of the mud he tracks in.

If you had that sort of life, living with you would be as pleasant as occupying the same cage with a wildcat.

EGG AND PRODUCE MARKET

Continued heavy receipts of fresh eggs, with the near approach of full spring production, have resulted in lower markets the latter part of the week.

Live poultry receipts have been generally lighter, and higher prices are being paid in producing and consuming centers.

Receipts of butter have been lighter, due to storms and delayed transportation, causing slightly higher prices.

WORKS FOR CHILD MUST KEEP WELL

Mothers in a Like Situation Should Read This Letter from Mrs. Enrico

Chicago, Illinois.—"I took Lydia E. Pinkham's Vegetable Compound for a serious trouble. I had tried doctors and all said the same—an operation. At first I only felt the pain on my left side, but later I seemed to feel it on both sides. I am a power sewing-machine operator and have a little girl to support. I work in a tailor shop and that line of work has been very slack this year and I am home part of the time. I do not like to take any chances, so I consulted my friends, and one lady said, 'Take Lydia Pinkham's medicine,' so I did. I have felt better right along and am in good enough health to go to work. I recommend your Vegetable Compound and Sensitive Wash to all."—Mrs. MARY ENRICO, 459 N. Carpenter St., Chicago, Illinois.

Often the mother is obliged to support her children and good health is necessary. Lydia E. Pinkham's Vegetable Compound is just the medicine you can depend upon. It is a medicine for women's ailments and the relief it brought Mrs. Enrico it may bring to you. Keep well by taking Lydia E. Pinkham's Vegetable Compound.

PARISIANS PURCHASE FLORIDA ORANGE GROVE

Mr. and Mrs. N. A. Moore, of Paris, who are sojourning in Florida, have purchased a fine orange grove near Umatilla, Fla. They also own another grove. In a letter to Foster Lytle, of Paris, Mr. Moore told of his purchase, stating he had planted ten acres of watermelons, which give promise of a fine crop. Mr. Moore also enclosed a clipping from a Umatilla, Fla., paper, which is published below:

"Mr. and Mrs. N. A. Moore, of Paris, Ky., have purchased through the Chas. C. Glass agency the beautiful bearing orange grove on Grand Island, known as Hill Crest Grove, formerly owned by Haskell H. Bass, of Griffin, Ga. This property is one of the show places of Lake county, and Mr. Moore is indeed fortunate in making a purchase of a property that is sure to produce a heavy income on the investment. The price paid is not known, but is surely well up in the thousands of dollars."

"Mr. Moore is a brother-in-law of Geo. D. DeVault, who is president of the Bank of Umatilla, and he and Mrs. Moore have spent many winters in Umatilla. Mr. Moore was formerly postmaster in Paris, Ky., and is a splendid man."

WAR MOTHERS GIVE UP MEMORIAL PLAN

The War Mothers of Kentucky have temporarily postponed their project for the erection of a memorial bridge over the Kentucky River at Frankfort in honor of the sons of the State who lost their lives in the World War.

This abandonment for the present of the prospect has been decided upon by the War Mothers after taking into consideration the many other demands on the State treasury at this time, and realizing that the memorial bridge can wait until more money is obtainable.

Mrs. Bowen Henry, of Frankfort, chairman of the State Legislative Committee of War Mothers, went before both houses of the general assembly last week and stated that no appropriation would be asked this year for the memorial bridge, but urged the passage of the State bonus for Kentuckians who fought in the war.

Mrs. W. D. Oldham, president of the Fayette County War Mothers, was in Frankfort Wednesday in the interest of the organization, and stated that the project for the bridge had been put aside for the present, but would be revived when conditions were more propitious.

At Carlisle, Edmond Shindlbower, nine-year-old son of Allie Shindlbower, formerly of Paris, was severely burned about the head and face by an explosion of gun powder.

The lad, who was visiting his grandparents, Mr. and Mrs. Robert Sparks, in Carlisle, had found a shotgun shell which he had cut open and emptied on a sheet of paper. A lighted match did the rest, the resulting explosion burning his face and head and singeing his hair. Mrs. Shindlbower took her son to Lexington, to a hospital, where he was placed under care of a specialist.

Mr. and Mrs. Shindlbower formerly resided in Paris, the former being in the employ of Frank Remington, as job printer. He is now on the Lexington Herald.

There is Beauty.

Wherever snow falls or water flows or birds fly, wherever day and night meet in twilight, wherever the blue heaven is hung by clouds or sown with stars, wherever are outlets into celestial space, wherever is awe, and love—there is Beauty, plentiful as rain, shed for thee, and though thou shouldst walk the world over, thou shalt not be able to find a condition inopportune or ignoble.—Emerson.

STUDY OF THE CONSTITUTION SOUGHT BY LEAGUE

Government officials are much interested in the campaign started by the National Security League of New York looking to the passage of laws by 44 States requiring that a study of the Constitution of the United States be required of students in all schools.

Four States—Illinois, Iowa, Michigan and Vermont—now have such a law. Two hundred of the country's leading educators, it is said, are back of the movement, which it is expected, will require several years years to push to conclusion.

Officials of the Bureau of Education express the hope that such State laws, when passed, will not require any special form of study of the Constitution, and point out that the practice of some schools which now teach it, of requiring scholars to learn it by heart, is apt to do more harm than good. They say that it is the meaning, not the wording, which is important, and that it is the duty of the Supreme Court, not the individual, to interpret the phraseology. If the average student is required to study it from the standpoint of understanding its principles he will, they point out, be much more likely to use his knowledge than if required merely to learn it word by word.

We will be back to normal when they quit selling five-cent cigars for ten cents.

Another grievance against capital is that it is hard to get hold of.

ENDORSED AT HOME

Such Proof As This Should Convince Any Paris Citizen

The public endorsement of a local citizen is the best proof that can be produced. None better, none stronger can be had. When a man comes forward and testifies to his fellow citizens, addresses his friends and neighbors, you may be sure he is thoroughly convinced or he would not do so. Telling one's experience when it is for the public good is an act of kindness that should be appreciated. The following statement given by a resident of Paris, adds one more of the many cases of Home Endorsement which are being published about Doan's Kidney Pills. Read it.

Robert Link, proprietor grocery store, 1631 S. Main street, Paris, says: "I have found Doan's Kidney Pills to be the best kidney medicine I ever used and can't recommend them too highly. My back had given me no end of trouble and there was a steady, dull ache just over my kidneys. My kidneys acted too frequently, too. I began using Doan's Kidney Pills and in a short time I was completely rid of the trouble."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Link had. Foster-Milburn Co., Mfrs., Buffalo, N. Y. (adv)

BED SPRINGS CATCH RADIO MESSAGES

Declaring that "this wireless business has got to stop," E. C. Beck, of Chillicothe, Ill., said he had not been able to sleep for two weeks because of shocks he gets when he tries to sleep at night.

One night, he said, he awakened as in the grasp of a phantom and a cracking noise greeted him. He says music, lectures, market reports and voices break the silence of his bed room each night and he blames it all on a huge radio phone sending, set at Bradley College.

Beck has no radio receiving set, but radio operators say his bed springs may attract the signals.

LOUISVILLE'S SECOND ANNUAL STYLE SHOW

Louisville's Style Show Association is making preparation for the most elaborate style event ever held west of New York City. Last year the "Atlantic City" show, which was staged at the big Armory, attracted people from all over Kentucky and Southern Indiana, and those exploiting the 1922 show, which will be known as "Paris on Parade," predict more than 100,000 visitors at the Armory from March 31 to April 8, when the big event will take place.

Facilities for handling the vast crowds which are expected will be greatly enlarged and improved upon. The stage this year will be placed in the center of the Armory with runways, where fifty professional models from New York and Chicago will promenade in the fashionable apparel from Louisville's leading shops, extending from the four corners. Seats will be supplied for 6,500 people at each performance. The Parisian idea will be carried out in each of the eighty-five shops of the exhibitors. Each will represent a shop in Paris. Even the policemen, as well as the avenues facing each little French shop, will take on a French aspect.

Aside from the style features of the show, there will be other features of unusual interest which will be announced later. There will be a complete change of program daily. In fact there will not be a dull moment from the time the big doors at the Armory are swung open until the closing hour.

Not only will a number of professional artists be imported for the occasion, but there will be many local features participated in by many of Louisville's club and society women.

THE MODERN PSALM

Harding is now my shepherd, and I am in want;
He maketh me to lie down in park benches;
He leadeth me beside the free soup houses;
He restoreth my doubt in the Republican party;
He leadeth me in the paths of destruction
For his party's sake.
Yea, though I walk through the valley of the shadow of starvation I do fear no evil, for thou art against me.
Thou preparest a reduction in wages before me
In the presence of mine enemies.
Thou annointest my income with taxes;
My expense runneth over my income;
Surely poverty and unemployment will follow me
All through the days of the Administration,
And I shall dwell in a rented house forever.
Amen!

You can't tell. Some grass widows have seen more sorrow than those who have buried their husbands.

SUPREME COURT JUSTICE FLAYS PROHIBITION ACT

Justice John H. Clarke, of the United States Supreme Court, said in a speech recently that the Eighteenth Amendment had placed an unprecedented strain upon all the country laws. "The Eighteenth Amendment," he declared, "required millions of men and women to give up habits and customs of life which they thought not to be wrong, but which, on the contrary, they thought to be necessary to their comfort and happiness, and therefore, as we all now see, respect not only for that law, but for all law, has been put to an unprecedented and demoralizing strain."

Does any intelligent person doubt this? It is not possible for human beings, no matter how strongly developed their respect for authority, to see more than half the community in sympathy with technical law-breaking, without themselves losing reverence for law.

The American people are as a whole coming to the conclusion that prohibition is impossible of enforcement, and we believe the American people will, sooner or later, relieve themselves of a Constitutional amendment that already has become a scandal. We are going to get away from the idea that "liberty is a right of a part of the people to compel the other part to do what the first part thinks the latter ought to do for its own benefit."

BOURBON FARM CONDITIONS

Farm work in Bourbon county has been generally confined to small things during the past week. Many farmers who had planned to move during the week were delayed until the arrival of better weather, but others took possession of their new homes despite the sleet and rain,

and are getting ready to begin their spring crop work.

Many tobacco beds are being burned and made ready for the seeding. The ground has been most too wet for this kind of work, but the farmers in most instances had their canvans ready and a few fair days will give them a chance to make a good start on the 1922 tobacco crop.

Good livestock of all kinds is scarce and is bringing unusually good prices at sales. There is little corn to be had at any price and farmers whose supplies had run short are forced to pay as much as \$4.50 a barrel in some sections. Poultry and eggs are plentiful.

The inclement weather has been especially hard on the young lambs,

which are arriving in large numbers. Farmers who had failed to make provision for sheltering the little animals lost a number of them, which will make a big cut in the expected profits for the year.

The attendance at some of the churches might be larger if they had more parking space for automobiles.

Life Is But A Brief Span, A Debt That All Must Pay

—Henry W. Senieur, aged fifty-nine, one of Mt. Sterling's most prominent business men, died Wednesday at noon, after a short illness. Mr. Senieur was well-known here, where he had many friends. He is survived by his widow, three sisters and three brothers. The funeral and interment will take place in Macphelah Cemetery, at Mt. Sterling to-day.

REDD

—Rev. W. E. Ellis, pastor of the Paris Christian church, will conduct funeral services at the Renaker church, in Harrison county, Sunday afternoon at 2:30, for Mrs. Kate Redd, aged thirty-four, who died at her home near Renaker, after a long illness of tuberculosis. The burial will take place in the Pythian Cemetery, at Berry.

Mrs. Redd was a daughter of Mr. and Mrs. John Goodman, and was married to Mr. Redd in 1906. She is survived by her parents, her husband and one son and five brothers.

HARNEY

—William Granville Harney, aged eighty-seven, a farmer residing on the Russell Cave road, in Fayette county, died late Monday night at the Good Samaritan Hospital, in Lexington, after a short illness of pneumonia.

Mr. Harney was a native of Nicholas county. He was a veteran of the Civil War, serving as a Union soldier during the four years of strife. He is survived by his widow, Mrs. Margaret Harney, three daughters, and seven sons, two of whom, Willoughby and William C. Harney, reside in Bourbon county.

The funeral was held Tuesday afternoon, at three o'clock, in the Lexington Cemetery, with services conducted at the grave on the Government burial plot, by Rev. Mark Collins.

BAIRD

—Jas. Andrew Baird, aged ninety-one, died yesterday morning at six o'clock, at the home of his daughter, Mrs. John Gregg, on High street, of the infirmities of age. Mr. Baird was probably the heaviest man in the county, weighing in the neighborhood of 350 pounds at the time of his death.

Mr. Baird was a native of Harrison county, where he had for many years been engaged in farming. Some years ago he moved to Paris to make his home with his daughter. He is survived by three sons, Alex Baird, of Paris, Dr. J. W. Baird, of Sadieville, Scott county, S. K. Baird, of Irvine, and two daughters, Mrs. John Gregg, of Paris, and Mrs. C. D. Temple, of Winchester.

The body will be taken to Mt. Zion church, in Harrison county, where services will be conducted at nine o'clock Saturday morning, by Rev. Alex Redd. The interment will follow in the Mt. Zion cemetery.

CLINE

—J. W. R. Cline, aged eighty-one, former commandant of the Soldiers' Home at Sandusky, Ohio, and at one time a resident of Paris, died at his home in Springfield, Ohio, Tuesday, from the effects of a hemorrhage of the brain. He had been in bad health for several years.

Mr. Cline came to Paris several years ago after the sale of the old Paris Gas Co., and for a long period remained here, supervising the work of changing and reconstructing the old plant, which was afterward sold to Mr. Dolph. He was president of

the Ohio Gas Association, and was interested in a number of enterprises of a substantial nature. He was given the title of "General" while commandant of the Soldiers' Home, and it clung to him ever since. Mr. Cline was an uncle of W. J. Huffman, of Covington, for many years connected with the Paris Gas & Electric Co. Ten years ago Mr. Cline resigned his position and moved back to Springfield.

The funeral and interment took place at Springfield.

LEGG

—Mr. and Mrs. J. Frank Trisler and daughter, Miss Marjorie, have returned from Montgomery, West Va., where they attended the funeral and burial of Mrs. Trisler's brother, Edwin Legg, C. & O. engineer. Mr. Legg was seriously injured in an accident in West Virginia and was taken to a Huntington Hospital, where he died. He was a son of Mr. and Mrs. Richard Legg, of Hanley, West Va., and was the third son who has been killed in railroad accidents.

JONES

—Following a short illness of pneumonia, Mrs. Mattie B. Jones, aged twenty-six, died Tuesday morning at her home near Jacksonville.

Mrs. Jones was a daughter of Mr. and Mrs. Emily Smith Collins, both deceased, and was the wife of Taylor B. Jones. Besides her husband, she is survived by three children, three sisters, Mrs. Emma Moore, Mrs. Angelina Houston, of Bourbon county, Mrs. James Slack, of Scott county, and three brothers, Lee Collins, of Scott county, Stoll Collins and Robert Collins, both of Bourbon county.

The funeral was held Wednesday afternoon at two o'clock with services conducted at the grave in the Jacksonville Cemetery by Rev. Mr. Smith, pastor of the Silas church.

TAYLOR

—Following a protracted illness, Mrs. Gibson Taylor, formerly Miss Sara Hanson, of Paris, died Monday afternoon at 5:30 o'clock at the home of her sister, Mrs. Wm. R. Thomas, in Lexington. For several years she had been an invalid, and had borne her sufferings with fortitude and Christian resignation.

Before her marriage Mrs. Taylor was Miss Sara Hanson, of Paris. Her girlhood days were happy ones, spent here among the friends she loved so well. No one in the community was ever more universally admired. Her sweet disposition and charming manners made her a favorite here and elsewhere. Many years after moving from Paris she married Gibson Taylor, a prominent young merchant of Winchester. For several years they lived in the West, locating in Seattle, Wash. Mr. Taylor died in Winchester a few years ago.

Mrs. Taylor's death has caused great sorrow among a wide circle of friends and acquaintances. Although an invalid, she was of such a brilliant mind and beautiful spirit that her friends crowded around her whenever possible and felt refreshed in soul while in her presence. Although not having regained her strength from the shock of her husband's death and from a long illness herself, when America joined the world war she answered the call to service and no worker for the Red Cross was more faithful or more skillful. She was a lovely representative of the most noble of all the splendid qualities handed down by inheritance from the aristocracy of the Kentucky pioneers.

Mrs. Gibson was a daughter of the late Col. Charles Hanson, who made a conspicuous name in the war during the troublous days of 1861-1865. She is survived by her mother, Mrs. Carrie Wheeler Hanson, one sister, Mrs. W. R. Thomas, and one

WOODS

—Following an extended illness resulting from Bright's disease and heart trouble, Thomas P. Woods, aged sixty-five, died late Monday night at the home of his sister, Mrs. Frank Jacobs, where he had made his home for several years. Mr. Woods had been in failing health for some time, but his death came unexpectedly.

Familiarly known as "Squire" Woods and "Kirby" Woods, Mr. Woods was one of the characteristic figures of the city, and was known to almost every citizen of the country. He was a native of Paris, the son of the late Mr. and Mrs. Edwin Woods, pioneer citizens of Paris, win Woods, & GtcsETAOIN TAON being born in the old homestead in this city. His whole life was spent here. Early in life Mr. Woods learned the stonecutter's trade and became a master workman, and in after life was one of the best-known stone contractors in Central Kentucky, the firm of Woods Bros., doing the stone work of some of the finest residences and business houses in this section. He was for several terms a member of the Bourbon, Fiscal Court, and also a member of the Paris City Council for several terms. He was a power in politics and at the time of his death was filling the position of Superintendent of Public Works under the present administration. He was an enthusiastic admirer of baseball, and in his younger days was a member of the old Paris Mutuals, a team that became famous the country over.

Mr. Woods is survived by one brother, Michael J. Woods, of Paris, and two sisters, Mrs. George Rassenfoss, of Mt. Sterling, and Mrs. Frank Jacobs, of Paris. Two brothers, Jack Woods and Edward Woods, preceded him to the grave several years ago.

The funeral was held at the Church of the Annunciation, in this city, at nine o'clock yesterday

morning, with services conducted by the pastor, Rev. Father William O'Hare. The burial followed on the family lot in the Catholic Cemetery. The pall-bearers were: Honorary: James M. O'Brien, George Doyle, Thomas Craven, E. B. January, Dr. Wm. Kenney; Active: Thos. E. Cain, Edward Rassenfoss, Edward J. Woods, John H. Shinnors, Thos. Herrington, George Rassenfoss, Jr., Baldwin Woods.

WARREN

—The funeral of Miss May Warren, who died in Horse Cave, Ky., after a few days' illness, was held Monday afternoon at 2:30 at Stanford, her old home. Services were conducted at the home of her parents, Mr. and Mrs. Walter Warren, by Rev. E. C. Lacey, pastor of the Christian church, the burial following in the Stanford Cemetery. The pall-bearers were: Gilbert Morgan, Silas Anderson, Ben Jennings, Howard Newland, Wallace Singleton, Lee Perkins.

Miss Warren, who was a frequent visitor in Paris, is survived by her parents, Mr. and Mrs. Walter Warren, of Stanford; five sisters, Mrs. George M. Kiser, of Bowling Green, formerly of Paris, Miss Katherine Warren, of San Diego, Cal., Mrs. Emma Garnett, of Cave City, Misses Ella and Bettie Warren, of Talladega, Ala., and one brother, Littleton Warren, of Stanford.

The Stanford Interior-Journal pays a beautiful tribute to the memory of Miss Warren, who was one of the most beloved young women of that city.
